PROFESSIONAL EXPERIENCE

Web Developer (Freelance)

Summerfield Studio – Castle Rock, CO

March 2025 – Present

- Develop and deploy responsive, production-ready web experiences using **HTML, CSS, JavaScript, and React-based workflows.**

- Implement custom UI components and animations aligned with provided design mockups and brand systems.
- Build and customize websites across **WordPress, Shopify, Squarespace, and GoHighLevel**, ensuring cross-browser and mobile performance.
- Collaborate with designers, project managers, and clients to translate requirements into scalable front-end solutions.

Web Designer & Developer

Reia (FDA-Approved Medical Product)

Project-Based

- Led **end-to-end web design and development** for a nationally recognized FDA-approved medical product.
- Designed and built a **WordPress site** emphasizing usability, accessibility, and regulatory-appropriate presentation.
- Improved content hierarchy and navigation to support credibility, trust, and conversion.

Web Manager / Webmaster

Springfield Rifles RFC

Ongoing

- Serve as primary **Web Manager**, maintaining and updating content for both men's and women's teams.
- Manage site structure, updates, and communication workflows.
- Planning and executing migration from Google Sites to a **custom web solution** to centralize content and improve UX.

Lead Screen Printer

The Print Shop – Wilbraham, MA

March 2023 - Present

- Manage high-volume production workflows while maintaining strict quality and delivery standards.
- Coordinate scheduling, resources, and communication to meet deadlines.
- Apply process optimization skills transferable to digital product workflows.

Freelance Graphic Designer

Parlor Skis – Boston, MA

September 2023 - Present

- Design custom ski graphics, collaborating directly with clients to refine concepts and deliver production-ready designs.
- Balance creativity with technical constraints, ensuring designs translate accurately to manufacturing.

Production Manager

Kastlifel / Denver Print House – Denver, CO

March 2021 - June 2022

- Led a **50-person production team**, managing scheduling, quality control, and workflow efficiency.
- Designed and maintained production systems to maximize output and consistency.
- Launched employee incentive programs to improve engagement and performance.

Color Separation Specialist

Kastlifel / Denver Print House

January 2020 - March 2021

- Implemented company-wide file-naming and asset-management standards.
- Developed non-destructive file prep workflows to increase efficiency.

- Executed advanced color separation techniques for high-quality print production.

Graphic Designer

Real Tech Innovations

May 2019 - December 2019

- Designed digital assets and web icons for client websites.
- Managed WordPress content and authored blog posts focused on cybersecurity for small businesses.
